Local amenities:

- Post office, shops and local amenities nearby

Seeing life through our residents' eyes

All staff in our dementia homes – from maintenance and catering to care and nursing – receive specialist training in dementia awareness. This helps them to experience life through the eyes of a person living with dementia.

Registered nurses available day and night

At La Fontana, as in all of our nursing homes, we have Registered Nurses in constant attendance, day and night. Of course, nursing isn't just about clinical and medical care. Our nurses are good communicators and listeners too, working well as part of a team alongside residents, families, friends and other specialists.

Activities

At Notaro Homes we understand the importance of meaningful activities. They play a vital role in helping our residents live life to the full, whatever their physical ability. Our activities are not only designed to engage mind, body and spirit but to respect and honour our residents' individuality. Each of our homes have their very own Activities Coordinator who is responsible for organising and delivering a fun packed, varied programme which often includes trips out and about and visits from animal sanctuaries, community groups and theatrical companies.

Visitors are always welcome, call in at your convenience to see for yourself how we care, when it matters most.

La Fontana

Martock, Somerset

Type of care:

Nursing home for people living with dementia. Long term, short term and respite.

La Fontana ('the fountain') can be found on the outskirts of Martock, surrounded by beautiful Somerset countryside. We've tried to think of everything someone living with dementia could need in this innovative purpose built home.

Our stunning home has been carefully designed for both style and comfort, so you'll find life just that little bit easier.

We've installed sophisticated technology to give you and your family added assurance, when you need it most. Intelligent bedroom sensors detect movement and allow for gradual illumination in the room which can also alert us to someone needing assistance. An innovative care planning system, ensures we know everything we need to, about how you choose to live.

Enjoy stylish and comfortable living in one of our five thoughtfully designed suites. Each suite benefits from spacious communal areas and large skylight windows, allowing natural light to pour in. These areas each have their own kitchenette, giving you the option and freedom to help yourself to drinks and snacks.

Step outside, along our soft surface pathways, to find our elegant Italian fountain and secure landscaped gardens with raised flowerbeds, vegetable planters, ponds and patios. A favourite feature with residents and the local community is La Fontana's petting farm, home to rabbits, ducks, reptiles and other small animals.

"It's a huge pleasure to see how happy people are living and working here at La Fontana. The family atmosphere allows for everyone to feel relaxed, safe and cared for."

La Fontana Manager.
